## WARRANTY POLICY

1. This warranty is expressed in lieu of all other warranties and representations express or implied.
2. Torre Automotive PTY Ltd warrants that all Airbrake and Industrial products supplied to its customers comply with the relevant industry quality standards.
3. Torre Automotive warrants all Airbrake and Industrial products for a minimum period of 12 months from date of purchase subject to specific restrictions and or warranty limitations which are detailed below.
4. The Torre Automotive warranty covers all manufacturing defects, but does not cover normal deterioration of a product through normal use. Torre Automotive warrants that the products manufactured and or distributed shall be free from defects in material and workmanship.
5. Any product, in respect of which a manufacturing defect has been found, may be returned to Torre Automotive within its warranty period in order for it to be repaired or replaced or to have the purchase price of the product repaid, at Torre Automotive's discretion. The replacement unit will be similarly warranted but only for the balance of the duration of the original warranty.

## CONSUMER PROTECTION ACT WARRANTIES

6. In terms of the Consumer Protection Act No. 68 of 2008 (CPA), in the event that a product supplied by Torre Automotive is unsuitable for its intended purpose, of poor quality, not in good working order, defective, sub-standard or wears out before the reasonable service life of the product and the product is returned to Torre Automotive within six months after delivery of the product to the buyer, Torre Automotive will:
  - a. Repair the product;
  - b. Replace the product; or
  - c. Refund the price of the product.
7. In terms of the CPA, if Torre Automotive is directed to repair the product and, within 3 months after that repair, that repair is ineffective or a further problem with the product is discovered, Torre Automotive will then replace the product or refund the price of the product.
8. Torre Automotive will have the right not to provide the remedies set out above to the extent that the CPA does not oblige Torre Automotive to do so in the circumstances of a particular case.

## GENERAL CONDITIONS, RESTRICTIONS & LIMITATIONS

9. The buyer of the product must make use of Torre Automotive's returns policy and claims procedure, available on its website [www.torreautomotive.co.za](http://www.torreautomotive.co.za), or available directly from the company or any of its representatives. Except to the extent impermissible in terms of the CPA, no warranty claims will be approved by Torre Automotive unless these returns policy and claims procedures are followed.
10. Notwithstanding the returns policy but subject to the CPA, Torre Automotive reserves the right to at any stage reject the return of goods should it feel that the goods have been abused or that the goods have deteriorated through excessive use within the warranty period. Torre Automotive shall then have the option to return the rejected goods to the buyer.
11. Torre Automotive shall not be liable for damages resulting from delays in shipment or inability to ship due to normal production and shipment delays or those resulting from acts of God, fires, floods, wars, sabotage, accidents, labour disputes or shortages, plant shutdown or equipment failure, voluntary or involuntary compliances with any law, order, rule or regulation of governmental agency or authority; or inability to obtain material (including power and fuel), equipment or transportation, or arising from any other contingency, circumstances or event beyond the control of Torre Automotive.
12. All Torre Automotive products are fit for the purpose for which they have been supplied. In the case of products listed in this catalogue, products should only be used in the vehicles described and under the operating conditions appropriate to these vehicles. The warranty applies only to goods where the user can prove that such goods became defective in normal and proper use.
13. Except to the extent permissible in terms of the CPA, Torre Automotive will not be liable for any loss of profit or any consequential loss or damage, from whatever cause arising, including loss of any labour or fitment costs.
14. The above warranty only applies within the warranty period, and when proof of purchase can be verified. A copy of the customer's original purchase invoice is required for all warranty claims. The customer's details should be provided with the claim.
